Profile

- Experienced Software Developer adept in bringing forth expertise in design, installation, testing and maintenance of software systems. Proficient in various platforms, languages, and embedded systems. Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team.
- My future goals include working in an environment that promotes skill growth, collaboration, and support among team members. I am eager to learn about new technologies and take on challenging projects. I am excited to continue my career as a React Developer and contribute to innovative projects.

Employment History

Porting Developer, Rendered Ideas Soft game Pvt Ltd

Feb 2019 — Oct 2019   Mumbai

- Worked as a Porting Developer at Rendered Ideas, where I was responsible for porting and adapting software applications to different platforms. Collaborated with the development team to ensure smooth porting process and maintain the functionality and performance of the applications. Utilized skills in Java, C, C++, JavaScript, HTML and Git to successfully complete porting projects.

Education

University of Pune, Bachelor of Engineering

Aug 2014 — Jun 2017

MIT College of Eng. & Polytechnic, Diploma(E&TC)

Sep 2012 — Jun 2014

Projects

IoT based smart city

Aug 2016 — Feb 2017   Pune

- The project is based on advanced connectivity of devices, systems, and services that goes beyond machine-to-machine(M2M) communications with less human interface. In which main goal was to develop smart city using internet.
